

Introducing the Optimiser Program

- **Alternative**
- **Skills Development**
- **Funding**

Overcoming four challenges with one solution

Four Big Operational Issues

1. Skills development and training
2. Enterprise development
3. Supplier development
4. Replacing outdated equipment to remain competitive

One Set of Common Problems

1. Lack of funding
2. Budget scattering
3. Loosing the big picture
4. Too much time lost to get SETA funding
5. Impacts on current lines of credit
6. Impacts on profitability
7. Impacts on balance sheet
8. Limited funding renewal cycles

The Optimiser Program[©]

1. Converts asset registers into value
2. Improves cash flow
3. Reduces the cost of depreciation
4. Moves risk to financiers
5. Continuous asset upgrades with embedded funds to comply with Skills Development Act

**Free assessment of
your operational
model**

Pre-Qualifiers for the Optimiser[®] Program

1. In business for at least four years
2. Must be a going concern
3. Must pass full credit evaluation
4. Must use asset register as security for funding
